

Vittesh Sinha

Product Designer

vittesh@duck.com | +91 7077103122 |
[vittesh.com](#) | [Linkedin](#)

Senior Product Designer with 6+ years of experience designing user-centered digital products across mobility, fitness, and enterprise platforms. Strong in end-to-end UX, product discovery, scalable design systems, and AI-assisted workflows to accelerate research, prototyping, and iteration.

CORE SKILLS

UX & Product Design

- User Research (Interviews, Usability Testing, Field Studies)
- Personas, User Journeys
- Wireframing & Prototyping
- Information Architecture
- Accessibility (WCAG Fundamentals)
- Data-informed UX Design

Design Systems & Interaction

- Design Systems
- Design Tokens & Component Libraries
- Interaction Design & Micro-interactions
- Motion Design for UX

AI, Tools & Technology

- AI-assisted UX workflows
- Research synthesis using AI
- Rapid prototyping with generative tools
- Figma, FigJam, Framer
- After Effects, Jitter
- Antigravity, Cursor, Figma MCP (Claude)
- HTML/CSS, Agile Methodologies

EXPERIENCE

Nagarro

Nov 2023 - | Bangalore, India

Senior Product Designer

- Led end-to-end UX for multiple client-facing platforms across enterprise, logistics, and fitness domains.
- Designed interactive KPI dashboards for real-time logistics insights, improving operational decision-making.
- Created VR dashboards to capture and visualize user emotion across simulated city environments.
- Conducted user interviews and usability testing to guide feature prioritization and UX improvements.
- Leveraged AI-assisted tools to accelerate early-stage prototyping and reduce design iteration cycles.

Simple Energy

Feb 2022 - Nov 2023 | Bangalore, India

Product Designer

- Owned and standardized a cross-platform design system across mobile apps, internal tools, and scooter HMI interfaces.
- Designed the Simple One customer app and e-scooter HMI, reducing task flow complexity by 10–15%.
- Built component libraries and design tokens to ensure UI consistency and efficient engineering handoff.
- Led usability testing sessions and iteratively improved UI based on behavioral insights.
- Collaborated closely with product managers and engineers to align UX with business goals.

CultFit

Oct 2018 - Feb 2022 | Bangalore, India

User Research and Experience Design

- Conducted qualitative user research including interviews, usability testing, and field studies.
- Designed user journeys, wireframes, and high-fidelity interfaces for fitness and wellness experiences.
- Designed half-hour interval class flows, increasing NPS by 15% across 100+ centers.
- Conducted field research for Hyderabad in-center experiences, translating insights into actionable interface improvements.
- Supported product teams in improving mobile and in-center digital touchpoints.

EDUCATION

UX Design Certification 2020-21
Imagin XP

B. Tech 2014-18
KIIT University
